Volume 4 No. 5

April 1994²

Knox & District Woodworkers Club Inc.

New Club Rooms

By now most members would be aware that we have moved into our new clubrooms. If you have not been there yet, follow the accompanying map, or refer to Melways Map 74 B6.

March Meeting

The March meeting was well attended by members. The president announced that the new clubrooms were available for us as from the March Hands-On night. After the formal meeting, Alex Davis showed members his new "Mini-Lathe" which he intends using for demonstrations around the district.

Knox Festival

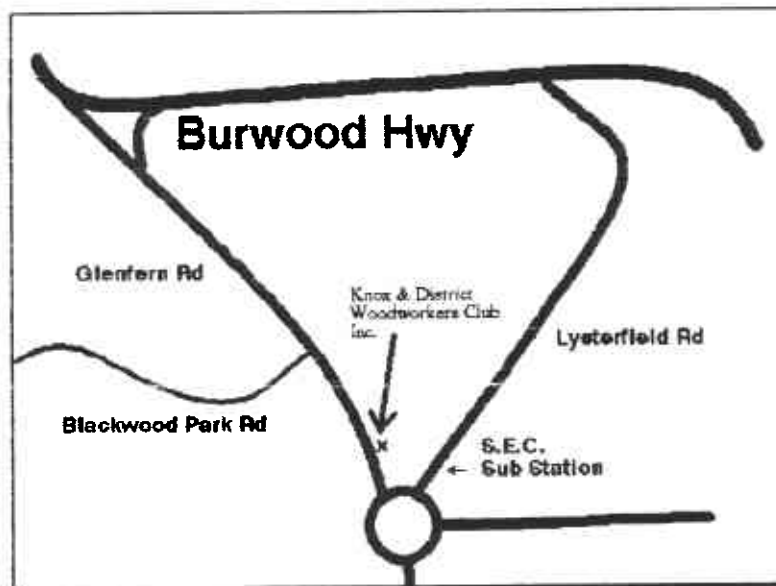

To all of the Knox and District Woodworkers who turned up

and worked at the Knox Festival on Saturday 14th and Sunday 15th March 1992. You should be congratulated on the wonderful show, and display, which you all worked so hard for.

The routing out of the pergola posts was certainly a marathon effort with David Howell, Ken Onions and Ed Lawer not lifting their heads all day.

For a few hours, it looked like the club may have found a resident wood carver in Herman Van Der Breggen, he did a really professional job on carving of the posts. We certainly have our own resident cook,

and drink maker, he should make some female very happy one day. Thanks Peter Howell. Sunday saw David and Ed back into the routing, they would never have worked that hard for a boss, and here they were doing

it as a labour of love.

Sue Wood captured the imagination of all who passed by, while she was turning at the lathe.

Sergio and Arthur Westwood missed their vocation, "they could have sold sand to the Arabs" they turned the raffle around from being a flop, into a rather profit making venture.

Well done everyone.

An extra special note of thanks to the following members and members Wives.

Colin Lowe for repairing the lathe after a "minor mishap" on Saturday, Mrs Van Der Breggen and Mrs Hawley for their help with the raffle and to Sue Wood, David Jamie, Keith Griffin and Ken Onions for their donations of items for sale.

April Meeting

A spokesman from Speedex of West Heidelberg will speak about Lathe parts and High Speed Steel tools.

April 28th

Picture Framing night at 7.30pm at 184 Through Rd Burwood.

May Meeting

David Jamie will deliver a brief talk on Hardwood Forestry.

Alf Stevens will demonstrate all manner of things possible with a Router.

And of course the BE-IN-IT Competition.

June Meeting

French Polishing demonstration.

July Meeting

The Auction. Please feel free to bring items along anytime from now for this event.

**** By Special Request ****

Members who become aware of another members misfortune or ill-health, please notify the Secretary so that appropriate action may take place on behalf of the club.
