AUSTRALIA DAY FAMILY B.B.Q.

What a great day it turned out to be, a double celebration - Australia Day and the first function in our new workshop. A total of 50 people comprising of members, family and friends were treated to the delight of Frank O'Conner cooking on the B.B.Q. and a smorgesboard of salads and sweets provided by our members wives (thanks ladies for your support).

Also, thank you Len Rowson for entertaining us with a mix of tunes on the organ.

It was good to see Arthur and Ruth Westwood again, the Queensland sunshine is really agreeing with them.

I think the kids might have won the day with the cricket match, but watch out for the return match when we bring on the leg spinners.

Once again Serge was on hand to raise money with his raffles. What would we do without you. Congratulations to our prize winners.

\$30.00 - Laureen Kane

\$20.00 - Jan Fraser

Slab of beer - Gary Stephens

Clamp and Champers - David Howell

Special thanks to Aussie and Paddy for their donation of prizes.

OFF TO QUEENSLAND -

Ron Day, one of our very active members in the club is moving off up the coast to Port McQuarrie in a couple of weeks time, Ron has been the driving force behind the rocking chair projects where 8 of our members made themselves a rocker over the past 12 months. Ron has also put in many days working with us on our new building.

We will all miss both Ron and Olga and wish them all the best with the move.

22nd FEBRUARY -

We are having a B.B.Q. dinner at the club rooms, starting at about 5.00 p.m., it will give us a chance to say goodbye to our good friends and wish them well in their new adventure. The club will supply the meat, members are asked to bring a plate of salad or sweets.

Adults \$2.00 per head.

Kids still at school will be free.

THANKS TO ALL WORKERS -

Doesn't the new workshop look great, it really is impressive. Thanks to the 41 members who have worked so hard, it has been a big job, but almost completed now.

On most days Nancy Stevens came down with some lunch for the workers, made loads of hot and cold drinks and then did the dishes. THANKS NANCY. Also Nancy has been busy with the paint brush and 12 year old Melissa Wetherly. You both did a great job.
