SECRETARY - Fred (Aussie) Moore 9758-2207
TREASURER - Bill Ide 9801-9149
NEWS EDITOR - Phil Wetherly 9720-2347

NEWSLETTER

OCTOBER 1995

Here we are, back to the Annual General Meeting again. It doesn't seem like 12 months. It has been such a busy time, I haven't had time to notice the months slipping by. I would like to thank all club members, as a team we have achieved such a lot. The Committee put up a great effort and lots of support for the year.

David Howell as Vice President, a deep and serious thinker. In the workshop he is continuously working, making double front doors for the new building, bookshelves for our library, repairing kitchen cupboards maintenance on all of our machinery a real dynamo.

Fred (Aussie) Moore our Secretary, has really enjoyed this year his computer has been going flat out, he has had a very busy year, and he loves to be busy, membership up from 53 last September to 105 today. Sorting out the *Constitution* took a long time (what a mongrel of a job) but he got it done and what's more got it passed (almost unscathed).

Bill Ide our Treasurer, when Bill took over as treasurer the books were in one hell of a mess and our busiest year coming up, with the new building. Just have a look at our Balance Sheet today and everything is paid for. Bill was in charge of all our electrical works for the new building. Bill was also a great sounding board for me, I would get ideas then bounce them off him, he didn't always tell me what I wanted to hear and he would never let me go off half cocked. I really did respect his advice.

Phil Wetherly (they say that you save the good ones till last). Our News Editor, I think it would be the first time in the history of the club that we have had 12 INGRAINED NEWSLETTERS come out on time, well done Phil. But I have also heard it said, that behind every successful man is a very busy woman, thank you Sue.

Thank you Dave Bell for a continuous supply of pine lining boards, our club rooms are now fully lined and thanks also for all the pine lining you have done Bruce Allen, Phil Wetherly and Paul Phillips.

To all members of the K & D W W Club I say thank you for all the hours and effort including material donated to our new workshop. The building didn't start off too good with lots of rain when we were doing the foundations, we had all sorts of problems including stump holes 3 metres deep, because we were building on reclaimed land, but grit and determination won through.

Sunday 17th September, was our "Be in It" Competition and B.B.Q. It was really a great day. Many thanks to all the ladies who brought along salads, sweets etc. Thanks to our resident B.B.Q. Chef Frank O'Connor. It was truly a wonderful day. I was surprised. To our three ladies and one gent who acted as judges this year, I think you did a great job, under very difficult working conditions and those two people who grizzled about the judges, because they could only get a third, will be asked to act as judges next year.

Alf Stephens - President

COMING EVENTS -

- 4th October - K & D W W Club **ANNUAL MEETING** - All positions will become vacant, come and have a go.

18th November

David Buckingham
Les Brumhead
Peter Bowen

2nd December

Ray Bilton
Neil Bengough
Richard Benda

16th December

Dale Arazny
Paul Arinde
Bruce Allen

OUR 100TH MEMBER -

A Century of Progress. The Century in question is the occasion concerning the elevation of our Membership to that magic figure and the person involved is fittingly also a first for the Club, that is a former resident of the U.S.A.

Earl Webb, was born and educated in Nebraska City, Nebraska. He joined the U.S. Marine Reserve in 1952, successfully completed Flight Training and designated Marine Aviator in May, 1953. He was then involved in the conflict in Korea, flying jets from June 1953 to October 1953 followed by a period of service in Japan until 1954. During the years 1962 to 1972 he served almost four of those years in Vietnam. Returning to this combat zone in 1976, elevated to the rank of Major and assuming command of a Navy helicopter, he flew 2,722 missions, being wounded on a number of occasions and awarded numerous decorations, chiefly the Distinguished Service Medal, Distinguished Flying Cross (twice) and the Vietnamese Cross of Gallantry.

Despite this long period of combat service he was able, under a GI Bill at Government expense, to complete his College Education, graduating in 1972 at the University of Nebraska, with a Bachelors Degree in Industrial Arts and Graduate Studies in Education Administration

Married to an Australian Nursing Sister, Lynette, for the 27 years, he is the proud father of 5 offspring and has resided in Australia for the past 16 years. Asked to express his philosophy on life, he observed that "it is not how many times you fall down that is important, but the ability to get up and press on", a sentiment with which we would all endorse and I am sure that Earl will become a familiar and welcome addition to our ranks.

Thanks Fred (Aussie) Moore for this story.

Back in August Newsletter I asked about a missing chuck off our new docking saw. Well I believe in Father Christmas now after 2 months, the Chuck has come back in good condition. NO questions asked, we are just pleased to see it back.

FOR SALE -

Play on words

How's your power of lateral thinking? Test it out with these puzzles. Each box contains a word or a phrase, but you have to reason out the answers. For example, the title of this page would be shown as: PLAY

WORDS

With the word PLAY on top of WORDS, the answer is "play on words".
