## **NEWSLETTER**

**NOVEMBER 1995**

**NEW COMMITTEE MEMBER FOR 1995/96** - The only change to this years committee is our Treasurer. Bill Ide was unable to continue for another year, thanks Bill for a great job over the past 12 months, it was a busy year and the books were spot on. Welcome to our *new Treasurer, Dick Kors*, hope you can add and subtract Dick?

The 1995 Stringybark Festival has now been and gone, it seems a bit like a dream or on Sunday more like a nightmare, it rained all day. I have heard it said, if you don't like the weather in Melbourne just hang around for 10 minutes and it will change (it didn't), but on the whole we did very well. We had 31 of our mebers in attendance most of them on both days. Despite the rotten weather on Sunday we still made an overall profit for the weekend of around \$1,696. The Windmill built by Dick Kors and donated as the raffle prize was a big draw card and to make it even better, it was won by our friend and member Jim Diveney. Congratulations to Bruce Allen and his very active and dedicated festival committee. You did a great job fellows.

"The Kid's Corner" proved to be an outstanding drawcard, the Members who manned it being flat out continuously, even during the constant downpour which marred Sunday's activities.

We are also indebted to Arthur Whyte's better half, Jean, for turning up on both days and selling Raffle Tickets non-stop. Thank you also to the various Members who also come along to support us.

Have you seen the 2 new lathes we picked up at the recent Working with Wood Festival? They are pretty good.
