A

special thank you to Bruce Allen, for organising a very interesting and enjoyable demonstration of woodturning by Sue Patten, a very skilled lady, who

specialises in turning miniature variations of the normal woodturners' repertoire.

Of special interest was her ability to manufacture her own miniature carving tools. Sue captivated her audience with her outgoing personality and skill. At the completion of her presentation, she encouraged members to emulate her skills; a challenge which some members met with varying degrees of success. It gives me pleasure to record the Clubs' appreciation for a most enjoyable and informative demonstration.

May I take this opportunity to remind all Members about our Annual 'Be - in - It Competition and Open Day'. This will be held on Sunday, 31st August from 12 Noon, with a BBQ from 12.30 pm to 1.30 pm. The 'Be - in - It Competition' is open to all Members for any project in any category, which they have completed within the last 12 months. We would encourage all Members to make the effort to enter a project in this Annual Event. We eagerly anticipate a record attendance by Club Members, their families and friends on this special day. This is a great opportunity to mix with old friends and to meet new ones.

We have attracted quite a number of New Members over the last 12 months. I would like to see as many of you and your families along on the day, to get to know your Fellow Members and enjoy the Social Atmosphere, a facet of the Club which we whole-heartedly encourage.
