## President's Report

**W**e are now settling down into a period where we can calmly survey the successes and lessons of the past, consider our future, the wellbeing of our Members and their various interests and the need to enhance, where necessary, the environment and tools at our disposal.

It is good to see the speed at which we are increasing our Membership, 119 Members at the time of writing, especially to note the high proportion of ladies. So welcome ladies to our group.

While we are on the subject of

the ladies, our coming General Meeting on April 1st will be a very special occasion. Tom Coghlan has arranged a presentation by John Atkinson demonstrating the turning of lace bobbins, while his wife Edna, will demonstrate their use in the making of lacework. We therefore invite the Members of both sexes to join us, together with their partners, for a family get together. We would ask you to bring a plate, as is the custom for these occasions and we promise to keep the business part of the Meeting brief.
