### President's Report

This President's Report opens on a sad note with the death of our Founding President, Alf Stephens.

Alf was a Member of the Dandenong Club with others in the Ferntree Gully and Hills area. In October 1988 a meeting was held in the Technical School, Upper Ferntree Gully and the Club was formed with Alf as President of the Ferntree Gully Woodworkers Club, meeting in the Technical School workshop. We later changed our name to the Knox and District Woodworkers Club after moving to our present location in Glenfern Road. Alf was the driving force to Start Kids' Corner at the Festivals and the expansion of the Club; willing to show and help Members where he could. He will be sadly missed by all who knew him. When I last visited him at home, he gave me a list of what he would like to propose at the next Meeting. That list is enclosed in the Newsletter for your thoughts.

"Always to be remembered"

With the Knox Festival soon upon us, on March 20 - 21st we will be looking for volunteers to help with the "Kids' Corner", selling Rocking Horse Raffle Tickets on site and with displays at the Club Rooms, we would like Members to bring along articles for the display table.

On Saturday, 13th March we will be having a 'Working Bee' around the Club rooms. 8am start until ? Please feel free to come along. Many hands make light work and meet Members who do not attend the Club when you do.

The Hospital Auxiliary have taken over the Devonshire Teas this year and if anybody would like to help, Yvonne would appreciate it. Phone 9874 6757

Thank you and work safely,

*Dave Howell* President
